SUFFOLK COUNTY AIR NATIONAL GUARD BASE
WESTHAMPTON BEACH, NEW YORK 11978-1294

REPLY TO
ATTN OF: DE

14 OCT 87

SUBJECT: Distribution of Report

TO: DISTRIBUTION

1. Enclosed is the Final Draft of the Suffolk County Airport Fire Training Area (FTA) Remedial Investigation (RI) Report for general distribution and review. The attached distribution list indicates individuals and institutions that are to receive copies of the draft document.

2. A meeting is tentatively scheduled for 9:00 a.m. on November 12, 1987, at Suffolk County Airport for the purpose of receiving comments and recommendations to the Final Draft RI Report prior to its being issued in final form. The Final Draft RI Report will then be revised to accommodate appropriate revisions and corrections prior to its official release as the Final RI Report. Any concerns presented that cannot be appropriately incorporated into the Final RI Report will be responded to by separate letter following the November 12, 1987, Review Meeting.

3. It is my understanding that a second meeting will be held in conjunction with the RI Report Review Meeting to discuss issues affecting any over-all Suffolk County Airport hazardous waste conditions that exist outside of already defined projects. This meeting is to be arranged through HQ USAF/LEEV (Major S. Smith). This meeting is tentatively scheduled to follow the Draft RI Report Review Meeting either on November 12, 1987, or to extend to November 13, 1987. Thank you for your attention to these matters.

GERALD W. HARRIS, MAJ, NYANG
Base Civil Engineer
